

## **Robots in the house.**

### **Verse**

You're in the future,  
And your mom just bought a robot,  
It's pretty new like Apple,  
From the previous year.

You turn it on and see,  
The lights are going on,  
It comes to life and wanna,  
Dance with you and me.

### **Bridge**

Robots in the house,  
Will you dance with me,  
Will you dance with me,  
A-ha.

Robots in the house,  
Will you dance with me,  
Will you dance with me,  
A-ha.

### **Chorus**

Luckily we dance with you,  
Yes, we dance with you,  
Luckily we dance with you.

Luckily we dance with you,  
And even trance with you,  
Luckily we dance with you.

### **Bridge**

Robots in the house,  
Will you dance with me,  
A-ha.

And you mom just said hello, robot,

And you continue having fun,  
With it again.
